

OUR HARDWARE RANGE

PULL UP BANNER HARDWARE

Produce your own pull up banners and looking for reliable, affordable hardware? Every base comes standard with it's own poles and carry bag, boxed individually ready to repack and deliver to the client.

DELUXE SILVER PULL UP BANNERS

"Our Deluxe Pull Up Banner Bases are made of a durable heavy-weight aluminum with an aluminum internal cartridge. Easy to assemble, the banner comes with a thick Vertical Pole that locks into place. The perfect reusable base for the long term.

****4 per carton**"**

Size Available: 850 x 2000mm

PREMIUM SILVER PULL UP BANNER

"Our NEW Premium Pull Up Banner Bases are lighter, sleeker and more sturdy. The New Patented design features dynamic Retraction and extension for easy assembly, with recycled plastic protruding feet. A thick vertical pole clicks and grips the top rail in place. Perfect for indoor promotional opportunities.

10 per carton

Simply add a 'connector' to 2 premium bases to create a double sided banner, or 'clips' to join them together to create a multi-sided display.

Size Available: 850 x 2000mm

**WHY SWITCH TO OUR NEW PREMIUM
PULL UP BANNER HARDWARE**

- 1. LIGHTER**
- 2. STRONGER AND MORE DURABLE**
- 3. SLEEKER AESTHETIC**
- 4. INDIVIDUALLY BOXED**

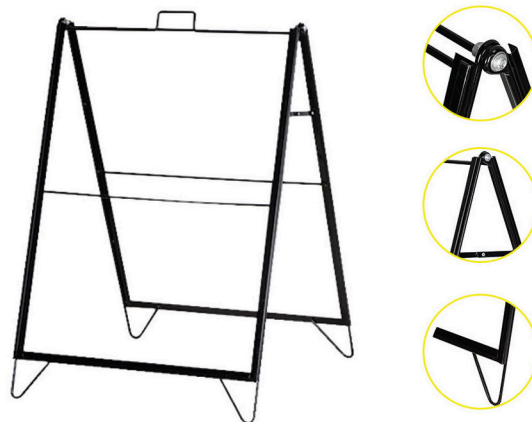

CORFLUTE WIRE A-FRAME HARDWARE

Basic Wire A-Frames!

With the same quality standards as the rest of our range, this product is simply the base option in our offering & is perfect for your budget conscious clients!

The Steel Wire A-Frame is the lightest, full sized A-Frame available, suitable for both indoor & outdoor use. It's the perfect lightweight indoor display, or add tent pegs to the feet to turn this into a sturdy outdoor advertising tool. Suitable for both 3 & 5mm Corflute.

Size Available: 600x900mm

CORFLUTE WIRE A-FRAME HARDWARE

CORFLUTE INSERT A-FRAME HARDWARE

CORFLUTE WIRE A-FRAME HARDWARE

The Corflute Insert A-Frame features a powder coated black frame with a swivel top flap, that keeps the insert in place but also allows you to change it easily. These A-Frames are perfect for outdoor use.

Size Available: 600x900mm

SNAP A-FRAME HARDWARE

25mm Mitred Profile

The A-Frame for those who are constantly changing their advertising. Made from a sleek black aluminum frame with Mitred Corners, a 25 profile and a metal backing makes a heavy duty A-Frame perfect for indoor/outdoor use.

Just like a snap frame, the clip system makes changing the A1 (841 x 594mm) graphics quick and easy. Weighing only 9.5 kg, the lightweight but sturdy A-Frame makes transportation easy and is the perfect solution for any retail or hospitality advertising need.

Size Available: A1 - 841x594mm
